Subject: Appreciation for NSA Staff Support

1. I would like to express my appreciation for the excellent support and cooperation provided this project by you and your people in the days immediately following our most recent operation.

2. As you are aware, there was keen interest at high governmental level and considerable pressure on the project to get an immediate evaluation of certain activities related to our operation. This requirement could not have been met if you and your associates had not been willing to devote long and tedious hours of overtime work in order to provide the timely information which was so essential.

3. Although I am not personally acquainted with the personnel who contributed to this effort, I would like you to extend my thanks to [redacted] and the others who participated. It was typical of the support we have come to expect from your organization.

NSA review(s) completed.
